PETITION TO THE DISTRICT OF WEST VANCOUVER MUNICIPALITY

Subject matter:	Hugo Ray Park Re-Development, Hugo Ray Park Society and MRIF application.
Statement of subject matter and action requested:	We the undersigned, request that the MRIF application by the Hugo Ray Park Society (HRPS) to fund the re-development Hugo Ray Park be denied. Hugo Ray Park is one of the premier cricket facilities in Canada, and the proposed re-development would destroy this vital training and playing facility, which cricket has used over the past 30 years. Unfortunately, cricket lacks adequate training/playing facilities in Canada, and the proposed redevelopment of Hugo Ray Park will have a significant negative impact on the future of cricket.
